

May Healing Come

May healing come in gentle ways....

A visitor's loving touch
Doctors and nurses with compassion
Peaceful slumber in a quiet room

May healing come in kind ways....

Homemade soup from neighbors
Encouragement from friends
Gifts of time and help from loved ones

May healing come in simple ways....

Reassuring smiles and hugs
Sunlight streaming through the window
Bits of progress every day

May healing come in amazing ways....

Thousands of prayers
Cellular regeneration
God's hand resting on your body.
